Education

National Taiwan University (NTU) Taipei, Taiwan
B.S. in Computer Science and Information Engineering (CSIE) *2022 - 2026 (Expected)*

Cumulative GPA: 4.24/4.30 | **Cumulative Class Rank**: 8/196 (as of 2022–2025) | **2 Dean's List Awards**
Admitted to: M.S. Program in Computer Science and Information Engineering, NTU (Fall 2026)

Experience

Institute of Information Science (IIS), Academia Sinica Taipei, Taiwan
Research Intern / Project Assistant, Formal Methods Lab, advised by Prof. ***Bow-Yaw Wang*** *Jul. 2025 - Present*

- Developing abstract interpretation techniques for verification of floating-point cryptographic programs.

Network Security Lab (NSLab), NTU CSIE Taipei, Taiwan
Undergerduate Researcher @ Fuzbolic Group, advised by Prof. ***Hsu-Chun Hsiao*** *Sep. 2024 - Present*

- Investigated integration of directed fuzzers with recurring vulnerability detection tools.
- Currently exploring formal methods, including static analysis and cryptographic protocol verification.

Network Administration and System Administration Team (NASA), NTU CSIE Taipei, Taiwan
Netowrk Administrator *Sep. 2023 - Jun. 2025*

- Maintained switch infrastructure serving 600+ faculty members and students.
- Built automated monitoring and backup workflows for newly deployed switches.

Selected Projects

An Evaluation on Possibilities of RCE and Defense Mechanism in Electron-Based Applications
Jhih-Jhong Lin*, Gang-Yu Fan, Tsan-Huan Hsu, Yi-Ting Lo*
project report, Course: Cryptography and Network Security, Instructor: Prof. Hsu-Chun Hsiao

A Survey of Virtualization-Based Greybox Fuzzers
Jhih-Jhong Lin*, Hsin-Tsen Yang*
project report, Course: Virtual Machines, Instructor: Prof. Shih-Wei Li

Integrating CPAchecker's Symbolic Execution with Likely-Invariant Generator for Grey-Box Programs
Jhih-Jhong Lin
code (in Java), project report, Course: Formal Methods, Instructor: Prof. Nian-Ze Lee

A Simple Terminal-Based, P2P/Centralized Online Chatroom Implementation
Jhih-Jhong Lin*, Wen-Chun Kao*
code (in C++), Course: Computer Networks, Instructor: Prof. Cheng-Fu Chou

Skills and Interests

Languages: Mandarin (native); English (advanced reading & writing, intermediate speaking; TOEFL iBT 103/120)
Programming: C, Python, Bash; working knowledge of C++, Java, Haskell, and OCaml
Software: Linux, Git, LaTeX, Docker, CPAchecker, CryptoLine
